This article delves into Tom Corley's rich habits, exploring how they shape the mindset, behaviors, and routines of the financially successful, and how you can incorporate these principles

into your own life.

Who Is Tom Corley and What Are Rich Habits?

Tom Corley is a financial planner and a researcher who spent years analyzing the daily routines and behaviors of wealthy people. His groundbreaking work culminated in his book, *Rich Habits: The Daily Success Habits of Wealthy Individuals*, which identifies specific habits that consistently distinguish the rich from others. Corley's research involved studying over 200 wealthy individuals and comparing their habits with those of middle-class and lower-income groups.

The core premise of Corley's *Rich Habits* is that wealth is largely a result of consistent, deliberate behaviors rather than just luck or inheritance. By cultivating certain habits—such as disciplined saving, continuous learning, and goal setting—individuals can significantly improve their chances of building wealth over time. Corley's approach emphasizes that success is not a matter of occasional effort but the result of daily routines that reinforce positive financial and personal growth.

The Foundation of Rich Habits: Mindset and Discipline

The Power of a Wealth-Oriented Mindset

At the heart of Corley's rich habits lies a mindset that prioritizes wealth-building. Wealthy individuals tend to:
