Definition and Mythological Background

The house of Hades, also known as the underworld or the realm of the dead, is the domain where souls of the deceased dwell after death in Greek mythology. The Palace of Hades - The residence of Hades and Persephone. - A dark, majestic palace often described as richly adorned yet somber. - The throne of Hades is sometimes depicted as located within this palace. Additional features include: - The River Styx, which souls must cross to enter the underworld. - The River Lethe, where souls drink to forget their past lives. - The Judges of the Dead, who determine the fate of souls.
